

# Nitrile Gloves

- Thicker and tougher with better protection for harsh working condition.
- 4-5 mil 0.10mm-0.125mm thickness provides extra and longer protection
- Textured Fingertips suitable for jobs which requires maximum protection and grip
- 100% Nitrile
- Finger textured provides excellent tactile sensitivity and excellent grip
- Excellent comfort, exact fitting and sensitivity
- puncture resistant than natural rubber or vinyl gloves. Assurance that gloves will not tear easily.
- Chemical resistance against 18 chemicals
- Protection against viruses

## Product Code:

MBENG4

## Sizes:

Small, Medium, Large, Extra Large

## Features & Benefits:

- ✓ Air Leaks
- ✓ Water Leaks
- ✓ pH
- ✓ Innocuousness
- ✓ Dexterity
- ✓ Protection against Viruses
- ✓ Standards

Product Specifications:

PASSED

Water (AQL 1.5) – Dimension – Tensile  
Protein/leachables – surface powder

Physical Properties:

Ultimate length (typical):

Size	Length	Width(mm)
Extra Small	≥ 240	≤ 80
Small		80 ± 10
Medium		95 ± 10
Large		110 ± 10
Extra Large		≥ 110

Tensile Strength (typical): STD- 6.0 N  
Before challenge testing **8.9 N 700– 7 days**  
After challenge testing **8.9 N 700– 7 days**  
Thickness available – **4-5 mil(0.10-0.13mm)**

Quality Standards:

Conforms to standards &  
Manufactured in accordance with

- ✓ EN 375-1,2,3,4,5
- ✓ EN 455- 1,2,3,4
- ✓ ISO 13485
- ✓ ASTM D6319
- ✓ ASTM D6978
- ✓ 510(k) Certificate
- ✓ SGS ISO 13485
- ✓ BSCI Audited supplier
- ✓ MedPath GmbH (EU)
- ✓ German DIMDI
- ✓ EU Conformity Certificate
- ✓ WAND: 210726-WAND-6XAE50
