Our Solutions

Three Divisions. A Stronger, More Sustainable Tomorrow.

Eco Operational Partners

ASSESS. IMPROVE. SUSTAIN.

We help organizations uncover hidden operational waste and sustainability opportunities, then create practical improvement roadmaps that drive immeasurable results.

- Resource Leakage Assessment™
- Operational Intelligence Toolbox™
- Operational Improvement Blueprint™
- Sustainability & Resilience Consulting

Brainwave Solutions

SUPPLY. PROTECT. PERFORM.

We design, manufacture, and distribute high-quality, innovative products and solutions that protect people and support essential operations.

- Medical & Infection Prevention
- Safety & Personal Protective Equipment
- Private-Label Manufacturing
- SmartCycle™ Recovery-as-a-Service

Catalyst™

CONNECT. DEVELOP. ACCELERATE.

We build capacity and opportunity across the supply chain by developing suppliers, diversity partnerships, and strategic connections that create lasting impact.

- Supplier Diversity & Development
- Strategic Sourcing & Partnerships
- Fractional Supply Chain Advisory

Past Performance

Healthcare Systems

Implemented recycling programs, supplied PPE and medical products, and delivered operational assessments to reduce waste and drive cost savings.

Utilities & Manufacturing

Delivered safety solutions and operational improvement programs that increased efficiency, safety, and compliance.

Government & Public Sector

Provided strategic sourcing, PPE, and program support to federal, state, and local agencies with a focus on sustainability and supplier diversity.
