

Laboratory Products

Quality Supplies for Accurate Results.

Our laboratory products support reliable specimen collection, processing, testing and storage. Designed for safety, accuracy and efficiency, our comprehensive portfolio helps laboratories, hospitals and clinics maintain the highest standards of care.

Reliable Performance

High-quality products designed for accurate and consistent results

Comprehensive Range

Specimen collection, processing, testing and storage supplies

Meets Industry Standards

- FDA & CE compliant
- ISO 13485 manufacturing
- CLIA and laboratory use

Trusted for Every Setting

Hospitals, clinics, reference labs and research facilities

Product Overview

Brainwave laboratory products include specimen collection tubes, containers, pipettes, centrifuge tubes, petri dishes, slides, consumables and more. Our products are designed to meet the needs of clinical, research and diagnostic laboratories with a focus on quality, safety and reliability.

Key Features

High-Quality Materials

Durable, clear and reliable

Wide Range of Products

From collection to analysis and storage

Accurate & Consistent Results

Designed for dependable laboratory use

Sterile & Non-Sterile Options

Available to meet specific testing requirements

Multiple Sizes & Configurations

To support a variety of laboratory applications

Trusted Supply Partner

Consistent quality and dependable supply

Featured Products

Specimen Collection Tubes
Multiple types & sizes

Specimen Containers
Urine, stool & general specimen collection

Centrifuge Tubes
15ml, 30ml, 50ml (packed options)

Microcentrifuge Tubes
0.5ml, 1.5ml, 2.0ml (sterile & non-sterile)

Petri Dishes
Sterile & gamma irradiated options

Pipettes & Tips
Serological, transfer and pipette tips

Test Tubes
Multiple sizes with caps

Slides & Cover Slips
Microscope slides and coverslips

Inoculation Loops
1µl & 10µl (sterile options)

Sample Transport Bags
Biohazard & specimen transport

Cryogenic Vials
For low temperature storage

Reagent Bottles
Various sizes for laboratory use

Product Categories & Examples

Collection & Transport

- Blood collection tubes
- Urine collection cups
- Stool containers
- Transport media tubes
- Specimen transport bags

Culture & Microbiology

- Petri dishes
- Inoculation loops
- Culture swabs
- Transport media
- Culture plates & accessories

Pipettes & Liquid Handling

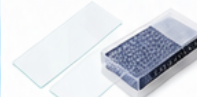

- Serological pipettes
- Transfer pipettes
- Pipette tips (sterile/non-sterile)
- Pipette controllers
- Syringes (lab use)

Tubes & Vials

- Centrifuge tubes
- Microcentrifuge tubes
- Test tubes
- Cryogenic vials
- Sample storage tubes

Slides & Accessories

- Microscope slides
- Coverslips
- Slide storage boxes
- Staining trays
- Slide mailers

General Laboratory Supplies

- Reagent bottles
- Measuring cylinders
- Beakers & flasks
- Tube racks
- Labels & markers
- Disposable lab supplies
